5. Discussion/Action to have the Youth and Education Committee host webinar on mental health, **1. How to access treatment county and school, 2. Depression signs to look out for. 3. Suicide and its increase, signs to look out for. 4. IEP, 5. Zoom and its consequences. 6. Questions and answer.** (15 min).

Maryleigh, asked who the target demographic is. Robert answered that the webinar would have a focus on providing resources to different medical plans. Maryleigh supported the idea. Robert mentioned Claudia Mallow as possible speaker. Robert said the webinar would also cover warning signs and how to recognize them. Elizabeth spoke of need for webinar to maybe be more narrowly focused to demographics. Elizabeth suggested one for families, one for educators and resources, mental health for guardians and liability issues. Elizabeth provided insight on liabilities and existing resources for studetns. Theresa mentioned that perhaps a better solution would be to go to board with 2 webinars and continue discussion re: students/youth.

Public Comment: Rocio.

Mental health has been incorporated into LAUD’s lesson plan, esp since 2021. Educator training is being increased going forward. Teachers unlikely to participate due to increased workload. Focus should be for familes and students more likely to attend something hosted by their own peers. Connect with principles re: student leaders that can be a resource for this type of effort. Speak with Titus Campos.

Steve Crouch asked what type of mental health issues might be addressed (ie grief, bullying). Stakeholder Brenda Lee questioned how outreach would work given that in her experience only a handful of parents are engaged and how they can engage them better. Also mentioned that youth might need a different type of engagement.

Elizabeth motions. Maryleigh seconds to have discussion motions to approve to have Youth and Education Committee to host a webinar on mental health. Seconds the motion

Elizabeth motions to Plan for a mental health webinar for 1-2 months out while looking into how to better produce mental health content for students. Maryleigh seconds.
